

## Make a Panda Mask

1. Color in the ears, eyes, and nose
2. Have an adult cut around the outside of the mask, and cut out the eyes – along the dotted lines.
3. Tie a 12 inch string through each of the holes on the sides of the mask (Or you can tape it too)
4. Put the mask to your face and tie the strings together at the back of your head
5. Take a picture of you with your mask and send it to [Angiefloresbooks@gmail.com](mailto:Angiefloresbooks@gmail.com), or post a picture on my page on FaceBook or Instagram @Angiefloresbooks. Or, you can send your picture to Angie Flores Books, P.O. Box 14091, Torrance, CA 90503

Have Fun!
